Entregable Taller-Semana 13

Jorge Luis Ríos Hernández - Martes 9 Julio 2024
Grupo 1

3 Configurar y ver del Entorno de Trabajo

3.1 Para 1. Instalar y ver de Paquetes

```
# Para instalar paquetes
install.packages("ggplot2")
install.packages("dplyr")
install.packages("tidyverse")
install.packages("caret")
install.packages("randomForest")
install.packages("e1071")
install.packages("rmarkdown")

# Para cargar paquetes
library(ggplot2)
library(dplyr)
library(tidyverse)
library(caret)
library(randomForest)
library(e1071)
library(rmarkdown)

# Para ver paquetes instalados
installed.packages()[, c("Package", "Version")]

# Para ver paquetes cargados
search()

# Para ver versión de R
R.version.string
```

```
Output:
package ggplot2 not found
package dplyr not found
package tidyverse not found
package caret not found
package randomForest not found
package e1071 not found
package rmarkdown not found

Output:
Error: unexpected '>' in ">"

Output:
Error: unexpected '>' in ">"

Output:
